The ACCP program provides a central certification system for NDT Level II personnel that meets or exceeds the training, experience and examination requirements of CP-106: 2008. ASNT widened the scope of its certification offerings to include Level II certification in 1996 with ASNT Central Certification Program™ Level II certification.

ACCP Level II Certification Program

The purpose of the ASNT Central Certification Program (ACCP) is to provide the NDT industry with personnel who have achieved a high standard of NDT qualifications by examination, and independent, transportable NDT certifications. ASNT expanded its third-party Level III certification to cover Practical and Procedure Preparation (PP) examinations in five NDT methods (MT, PT, RT, UT and VT) when it introduced the ASNT Central Certification Program in 1996.
