The role of design, both expert and nonexpert, in the ongoing wave of social innovation toward sustainability. In a changing world everyone designs: each individual person and each collective subject, from enterprises to institutions, from communities to cities and regions, must define and enhance a life project. Sometimes these projects generate unprecedented solutions; sometimes they converge on common goals and realize larger transformations.

Design research is progressively focused on the role of design as an activator of change: assuming that ^all we do, almost all the time, is design (PapaneK, 1972, p17) and that everybody designs (Manzini, 2015), design is an act of deliberately moving from an existing Op Amps for Everyone Design Guide (Rev. B)
