Ultimate Book of Sharks - National Geographic Kids

5) Whilst many think of these beasts as fearsome man-eaters, humans aren't, in fact, on the great white's menu. Phew! There are around 5-10 attacks a year, but researchers believe that, rather than preying on humans to eat them, the sharks are instead taking a "sample bite" out of curiosity, before swimming off.

10 facts about great white sharks! | National Geographic Kids

Born on the east and west coasts of North America, the south of Africa and southwest Australia, baby sharks are on their own right from the start. Their mother may see them only as prey. At birth...
