Gary D Davis has written manuals and spec sheets for Yamaha audio products since 1974. Some of those manuals were so thorough in covering and explaining sound that they became standard text in some colleges. Bob Ludwig is among those credited for their collaboration and input for the book. Publication date:

To fully support the sound engineers who support the artists and performers, Yamaha makes absolutely no compromises when it comes to quality. Sound, operability, and reliability must all be first class, and implemented in a way that allows engineers to concentrate fully on helping artists and performers deliver their message.
